

**This is your guide to**

# **Preferred Providers for Community Care and Support Services in Redcar and Cleveland**

## **What is a preferred provider?**

A preferred provider is an organisation that has a contract with Redcar and Cleveland Borough Council to deliver social care services. Organisations that have a contract with the Council can also be known as “commissioned services”. The preferred provider list includes details of all these organisations, and tells you about the prices that the Council has agreed to pay for their services.

All preferred providers are registered with the Care Quality Commission (CQC). They are also checked regularly by the Council to make sure that they provide quality services that are safe, reliable and improve outcomes for their clients.

## **What is community care and support?**

This preferred provider list includes all the organisations who have a contract with the Council to provide Community Care and Support Services. Community Care and Support Services are also known as home care or domiciliary care. They are services that help you with everyday activities so that you can keep your independence for as long as possible. The types of support that they offer include:

- Helping you getting out of bed, or to get ready for bed.
- Personal care, such as washing or dressing.
- Getting out and about in the community.
- Cooking or preparing meals.
- Taking medication.

## **Why does the Council publish a list of preferred providers?**

- We publish the preferred provider list, to help people who have had their needs assessed, to choose quality care and support services that meet their needs.
- If you are arranging your own care and support, you can be assured that the organisations on the preferred provider list are regularly checked by the Council to make sure that they are safe, reliable and good value for money.

- We also help people who want to arrange their own care and support, by publishing details of service providers that do not have a contract with the Council, but have agreed to be checked regularly to make sure they are meeting the Council's quality standards for care and support services. We refer to these as accredited providers.

The People's Information Network (PIN) includes details of care and support services that are available in Redcar and Cleveland. When you use the PIN to search for services, look for the Redcar and Cleveland Borough Council logo. If the logo is in colour this shows that the organisation is a preferred provider and if the logo is in black and white it shows that the organisation is an accredited provider.

## I want to arrange my own care and support - will I pay the prices on this preferred provider list?

The prices on this list are available to you, if you have had your needs assessed, and are eligible for care and support. If you have not had your needs assessed, or have had an assessment but your needs are not eligible, you can still use the preferred providers, but the price that you pay may be different to what is listed here.

## How can I have my needs assessed for community care and support services?

If you are finding it difficult to manage everyday tasks, and think that community care and support services could help you, you can contact Adult Social Care to ask for an assessment. You may benefit from an assessment even if you think that you will have to pay for any services that you need.

When you contact us, we will ask for some details and talk about how we can help you. Depending on your enquiry, this help may include providing information or advice, or arranging for a social worker to visit you at home to assess your care and support needs. Our contact details are on the back of this guide.

## Preferred Providers for Community Care and Support Services

The hourly rate is split into short call, long call and night call rates.

- **Short calls** are all calls from 5 minutes up to 2 hours long.
- **Long calls** are calls over 2 hours.
- **Night calls** are overnight calls that last 9 hours from 10pm through to 7am.

The preferred providers are listed on the following pages, ranked by quality and price.
