

# Saltscar Surgery

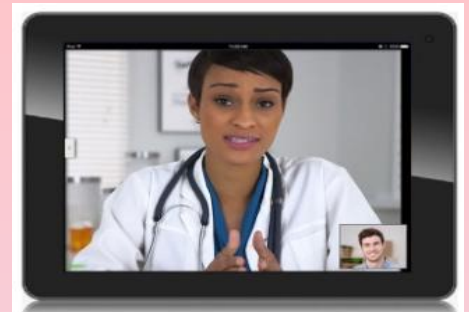

## *We are still here for you!*

*We never closed – our routines may have changed but our Doctors, Nurses and Admin teams have still been busy.*

### *During the lockdown, Patients had:*

**26,492 - consultations** with our Doctors, Advanced Nurse Practitioners and Nurses.

**14,337 - video and telephone consultations**

**11,375 - face-to-face consultations** with our Doctors Nurse Practitioners and Nurses.

**2,530 - e-consultation forms** from patients using our website and were treated or advised by the clinical or admin teams.

**5,450 different patients** were treated or offered advice. This is more than two-thirds of the 8200 patients registered with Saltscar Surgery.

**Over 2000 patients** attended our flu clinics.

**Around 300 items processed every day** on repeat prescriptions.

*SAFETY: Before asking you to attend the surgery, the doctors run through a 'triage' checklist to assess if it is safe for you and for other patients if you come to the surgery.*
